

Molto Setup Info & Tec Rider

Molto plays with percussion & a small Yamaha Qy100 sequencer. The percussion board is fixed on a stand brought by Molto or on something else provided at the venue. The percussion instruments are amplified with 2 microphones. The percussion instruments are fixed on the percussion board and (when not in use) put down on cubes / small tables.

- for setup and soundcheck a sound engineer is required.

- setup and soundcheck takes aprox 2 hours

TO BE PROVIDED AT THE VENUE:

- 3 cubes or tables aprox: 70cmX40XcmX30cm (heightXwidthXdepth) - the sizes can vary a little
- 2 Mic stands
- 2 Mics for the percussion instruments (AKG C451 or similar)
- depending on the situation on stage: 2 monitor speaker
- 1 stool
- Main amp / Mixer to connect Molto's Mackie Mixer
